Footnotes:

1/ Figures do not reflect funding under ARRA.

2/ Amounts do not reflect the ARRA FMAPs or the two-quarter extension of the FMAPs through June 30, 2011, included in P.L. 111-226.

3/ Funding levels include administrative costs, incentive payments, and access and visitation grants. President's FY 2012 budget includes \$305 million for a temporary increase in incentive payments to states based on performance.

4/ Funding for these programs includes an advance appropriation.

5/ The FY 2012 president's budget proposes to replace this program with Effective Teaching and Learning: Science, Technology, Engineering, and Mathematics.

6/ Funding levels reflect state family assistance grants, supplemental population grants, and grants to tribes. Amounts do not include contingency funds. FY 2011 supplemental grants were reduced from \$319 million to \$212 million (see *Issue Brief 11-04*). The president's FY 2012 budget proposes \$108 million for FY 2011 supplemental grants (not reflected in table) and \$319 million for FY 2012 supplemental grants (reflected in table).

7/ The FY 2012 president's budget proposes to change the name of this program to Title I College-and-Career-Ready Students and includes an additional \$300 million for a proposed Title I rewards program.

8/ The FY 2012 president's budget includes \$1.98 billion for block grant funds and \$590 million for contingency funds. The House FY 2011 bill provides \$4.5 billion for the block grant and \$200 million for contingency funds. In FY 2010, \$4.5 billion was appropriated for the block grant \$590 million for contingency funds.

9/ Totals include funding to conduct in-person reemployment and eligibility assessments, but exclude contingency funding (AWIU).

10/ Data reflect program years rather than fiscal years.

11/ Figures exclude performance bonuses because the bonuses are funded with unspent allotments. All years include \$45 million for child health quality improvement. Figures exclude child enrollment contingency fund.

12/ The president's FY 2012 budget proposes to change the name of this program to School Turnaround Grants.

13/ FY 2011 House figures are estimates. H.R. 1 does not provide specific details for cuts of \$850 million to CDC and \$200 million for substance abuse and mental health.

14/ H.R. 1 would fund SHSGP at \$900 million, with set-asides for Operation Stonegarden (\$60 million), Citizen Corps (\$10 million), and REAL ID (\$50 million). The president's FY 2012 budget would fund SHSGP at \$1,050 million, with a \$50 million set-aside for Operation Stonegarden and the ability to spend funds for REAL ID, Interoperable Communications, and Metropolitan Medical Response. An approved amendment to H.R. 1 would restrict UASI funding to the 25 cities designated as highest-risk.

15/ This program consists of discretionary and mandatory funds, and includes funds for State Court Improvement Program and Family Connection Grants.

16/ Includes both mandatory and matching funds. The president's FY 2012 budget proposes an additional \$480 million in matching funds, \$10 million for training and technical assistance, and \$10 million for tribal grants.

17/ The president's FY 2012 budget proposes to shift this funding into a new program called Network Development.

18/ The president's FY 2012 budget proposes to change the name of this program to Assessing Achievement.

19/ Amounts exclude funds appropriated in the Affordable Care Act, either directly or through the Prevention and Public Health Fund.

20/ The president's FY 2012 budget proposes to replace this program with the Teacher and Leader Innovation Fund.

21/ FY 2010 amount includes \$400 million in funding included in the FY 2010 Department of Defense Appropriations Act (P.L. 111-118).

22/ The FY 2010 amount reflects the reallocation of \$25 million for the AIDS Drug Assistance Program (ADAP). The president's FY 2012 budget includes \$880 million for ADAP plus \$60 million in ADAP supplemental funds. An amendment was adopted to H.R. 1 to increase funding for ADAP by \$42 million, to \$877 million.

23/ H.R. 1 reduced Economic Development Assistance to \$175 million, but an approved amendment restores EDA funding to \$255 million.

24/ H.R.1 originally reduced Special Education State Grants to \$10.948 billion. An approved amendment restores funding to \$11.505 billion, and takes an additional \$336.5 million from Title I School Improvement and \$500 million from Improving Teacher Quality.

25/ The president's FY 2012 budget proposes to take 8% from the overall appropriation for the WIA Adult, Dislocated Worker, and Youth programs and place the funds in the new Workforce Innovation Fund.

26/ The Continuing Resolution (CR) column represents annualized levels from the proposed two-week CR (through 3/18/11) that is being considered by the House and Senate this week. Those program/figures in italics reflect the funding reductions included in the two-week CR. The H.R. 1 figures incorporate amendments that were approved prior to the bill's passage on 2/19/11. At this point, funding for the remainder of FY 2011 is uncertain.

27/ The FY 2012 budget proposes to replace this program with Effective Teachers and Leaders State Grants.

28/ H.R. 1 rescinds \$77 million in refugee and entrant assistance FY 2010 unobligated balances. The rescission is not reflected in the table.

29/ President's FY 2012 budget proposes to shift this funding into a new program called Transit Expansion and Livable Communities.

30/ The FY 2012 president's budget eliminates funding for JABG and creates a new competitive program funded at \$120 million. It funds JAG at \$519 million but earmarks \$32 million for grants currently funded under bullet-proof vests and anti-terrorism training accounts. An amendment to H.R. 1 was approved that would increase the COPS funding level by \$298 million, bringing the total for FY 2011 to \$589 million.

31/ The president's FY 2012 budget proposes to change the name of this program to English Learner Education.

32/ Amounts do not reflect the savings from applying the ARRA FMAPs to monthly payments.

33/ The FY 2010 amount reflects the \$50 million rescission enacted in P.L. 111-226. H.R. 1 also includes a \$189 million rescission from FY 2010 funds, which is not reflected on the table.

34/ Amount includes Independent Living training vouchers, which are counted as discretionary spending.

35/ H.R. 1 levels do not reflect advance appropriations for FY 2011 included in the FY 2010 appropriations bill (\$860 million for Dislocated Worker Assistance and \$712 million for Adult Training). The House proposal also rescinds \$65 million in FY 2010 funds for the dislocated workers, which is not reflected on the table.

36/ The president's FY 2012 amount excludes the \$450 million transfer from the Department of Labor for the Community Service Employment for Older Americans program as well as funding for CLASS administration and the State Health Insurance Assistance Program.

37/ Figures include funding for Reading is Fundamental (RIF), Literacy Through School Libraries, Ready-to-Learn Television and the National Writing Project. RIF is financed by the Fund for Improvement of Education (FIE). The proposed 2-week CR decreases funding for FIE by \$172 million, but does not include funding cuts for individual programs, such as RIF, under the FIE.
